Safety/Conduct Policy

Because our goal is to ensure a safe and enjoyable guest experience of all guests, please review and adhere to the following:

1. Guests enjoying the water park agree to comply with all water park policies, rules, and regulations.
2. Wristbands are distributed from the front desk upon hotel check in or at the water park cashier for the day and are required for water park admissions. (This includes just spectators; they are subjected to the day's entry fee.)
3. One wristband will be issued per person. Lost wristbands will be replaced at a cost of \$25. Adjustments to wristbands must be done either by the front desk (in-house guests) or the water park cashier (day pass guests).
4. Guests giving their wristband to someone else for entrance to the water park will be blocked from reentering the water park, without refund.
5. Complimentary towels will only be issued to in-house guests and not day pass guests. Towels are to remain in the water park. Guests are not to leave with their towels
6. Children under the age of 14 must be accompanied by an adult at all times and will not be issued a wristband without adult accompaniment.
7. Monitoring your child/children remains your responsibility even when lifeguards are present.
8. Lifeguards and management have final authority on all safety decisions. Please be advised the lifeguard's responsibility is to prevent aquatic emergencies from happening and not to baby-sit children.
9. We ask for your patience if we need to call a 15 minute safety check for training purposes. This does not happen often, but will need to happen under certain circumstances.
10. Guests using the water park must wear proper attire including footwear and cover-ups in all public spaces of the hotel.
11. Water shoes may be worn in the park but are not permitted on the slides.
12. Water wings and non-US Coast Guard approved vests are not permitted in the water park. Lifejackets are available to be rented free of charge at the water park cashier.
13. All children in lifejackets must be within arm's reach of a parent/guardian.
14. The pools are chlorinated and are in accordance with State and Marian County requirements. They are monitored multiple times a day to keep chemical levels within safe, mandated limits. Caribbean Cove will close any body of water when a test does not pass and will remain closed for at least an hour. Refunds may be issued during this time if the guest is leaving the park.
15. Caribbean Cove Hotel and Water Park is not responsible for discoloration to any garment, or any rash that may occur due to periods of exposure in the pools.
